I love this restaurant. The **1**..... is from Italy and makes fantastic pizzas. There are lots of great pasta dishes on the **2**..... too. And the **3**..... are really friendly.

I don't like the atmosphere. The **4**..... are all over 40 and eat their pizzas with a **5**..... and **6**..... It isn't for young people!

Don't go there! It's really expensive. You pay £18 for a small **7**..... of bread, olives and other starters. Main courses are about £20 each. And then they add 15% to your bill for **8**.....!
